

ADD PLAST

Creating Better Quality with Economy

MASTER BATCHES

TYPE OF MASTER BATCHES

- White Masterbatches
- Black Masterbatches
- Colour Masterbatches
- Additive Masterbatches
- PVC Masterbatches

ADVANTAGES

- Excellent dispersion
- Improve the appearance and performance of resins to meet your exact specifications.
- Ease of incorporation
- Provides excellent processibility, Outstanding Colour Stability and Strength

APPLICATION

- Injection Moulding
- Blow Moulding
- Film Extrusion
- Sheet Extrusion
- Raffia Industries
- Pipe Extrusion
- Non Wovens
- Box Strapping
- Plastic Furniture

FILLER COMPOUND

TYPE OF FILLER COMPOUND

- White Filler
- Super White Filler
- Natural Filler
- Coloured Tinge Filler
- Super Brightener Filler

APPLICATION

- Injection Moulding
- Blow Moulding
- Blow Film
- PP and PE woven sacks
- PP and HD Lamination
- PS sheets

ADVANTAGES

- Improves opacity / natural clarity
- Reduces raw material cost
- Improve stiffness
- Improves brightness
- Improves mechanical and physical properties
- Increase life of Screen / Filter
